## ABOUT THE RINK:

Looking for something to do with the whole family? Don't own skates? Never skated before? *Not a problem!* Rent skates or bring your own, now is the time to learn during a great winter activity. The South Haven Ice Rink offers family fun within a walking distance to all the stores and restaurants of downtown. Enjoy the beauty of a winter night while skating under the seasonal lighting. The Ice Rink has open skating hours almost everyday throughout the winter.

## HOW IT WORKS:

With a large pavilion over top of the ice rink, weather conditions are rarely an issue. The ice rink is equipped with a cooling system that runs polyglycol through coils underneath the ice allowing the ice to remain frozen at a consistent temperature. With the pavilion and the cooling system the ice rink is operable in the 40-50 degree days as well as snowy or rainy weather. The ice is professionally cleared with a full size ice resurfacer allowing for a great skating surface.
