About the South Haven Ice Rink

Looking for something to do with the whole family? Don't own skates? Never skated before? Not a problem! Rent skates or bring your own, now is the time to learn during a great winter activity. The South Haven Ice Rink offers family fun within walking distance to all the stores and restaurants of downtown South Haven. Enjoy the beauty of a winter night while skating under the seasonal lights. The Ice Rink has open skating

almost everyday throughout the winter. The Ice Rink is a wonderful place for birthday parties, large groups, school groups, church groups, and corporate parties (school groups, boy scouts and girl scouts are free-please call for details).

With a large pavilion over the top of the Ice Rink, weather conditions are rarely an issue. The Ice Rink is equipped with a cooling system that runs polyglycol through coils underneath the ice. This allows the ice to remain frozen at a constant temperature. With the pavilion and cooling system, the Ice Rink is operable in 40-50 degree weather as well as snowy and rainy days. The ice is professionally cleaned with a full size ice resurfacing machine, allowing for a great skating surface.
